Dear Mayor and Councilors,

We are residents of Cambridge who are asking you to turn down the BBD proposal to boycott HP for doing business with Israel. There are a lot of reasons why the City of Cambridge should not be involved in a boycott attacking Israel, but we believe the main reason is that both Israel and the Palestinians need to come in good faith to the negotiating table, and a unilateral action against Israel will not be effective toward that end.

Sincerely,

Lilla Waltch and Melvin Scovell
